Barbara and Ernest 'Ernie' Suto of Terrie O'Connor Realtors Collects Over 1,000 Toys for the Marine's Toys for Tots Drive

The holiday season has started and while it is a joyous and happy time of year for most, it can also be a time of stress and worry for those families who, for whatever reason, are not able to provide for their children as they may wish. To help alleviate this concern and to help make the season a little brighter, Terrie O'Connor Realtors has joined with the United States Marine Corps as an active supporter of the Toys for Tots program.

The toy drive has been a passion of two of Terrie O'Connor Realtors agents Barbara and Ernest 'Ernie' Suto. "Unfortunately, during the holiday season, underprivileged children feel left out and wonder if they will experience the joy of Christmas," said Barbara Suto, Sales Associate of Terrie O'Connor Realtors Kinnelon Group. "Participating in the toy drive is the ideal way for local residents and businesses to give back to the community. Area residents were encouraged to bring new, unwrapped toys for children through the age of 17 to the Terrie O'Connor Realtors Kinnelon office located in the Meadtown Shopping Center at 1483 Rt. 23 South, Kinnelon. This year especially we are thrilled that we were able to collect 3 truck loads of over 1,000 toys for the Marine's Toys for Tots Drive."

For over 65 years, the United States Marine Corps has worked with families in need with the Toys for Tots program. Overall, over 400 million toys have been distributed to over 188 million children. Although Toys for Tots is a non-profit organization, they do rely on the generosity of others in their giving to keep the organization afloat. They have found a good partner in Terrie O'Connor Realtors.
