Social Service Association of
Ridgewood**

Ellen Kimmerle of Terrie O'Connor Realtors Ridgewood Group recently conducted a food collection for the Social Service Association of Ridgewood and Vicinity. Social Service Association (SSA) is a non-profit, private agency funded primarily through the generous contributions of individuals who live and work in Northern Bergen County. In addition to a small grant provided by the United Way of Bergen County, the agency is also widely supported by local businesses, churches, synagogues and other organizations in the communities served by SSA. The organization provides basic supplemental financial assistance and case management services to individuals and families.

“This was a great experience for me,” said Ellen Kimmerle. “I find it very rewarding to help people in need and to give back to the community.”

SSA serves the towns of Glen Rock, Ho-Ho-Kus, Midland Park, Ridgewood, Waldwick and Wyckoff.
