Jason Giordano Joins Terrie O'Connor Realtors Wyckoff Group

Terrie O' Connor, President of Terrie O'Connor Realtors, is pleased to announce that Jason Giordano has joined the Wyckoff Group. Jason's goal is turning all clients into ambassadors for his business. From 2010-2012 Jason had been privileged to learn directly from a legendary mentor, Mr. Horst Schulze, founder of both Ritz Carlton/Capella Hotels & Resorts while employed as the Director of A/V at the Setai Fifth Avenue New York.

Jason Giordano brings extensive experience in business and customer service from both his hotel background and his personal wedding and event photography business of 12 years. As Director of A/V at 5 star hotels in New York City, he was responsible for growing and supporting sales of large conventions and meetings. A key element to success there was his ability to determine customer expectations and act as a liaison between the customer and the A/V team responsible for executing the show. Through specialized training, Jason quickly understood that the pursuit of excellence and integrity were top priorities. A quick Google search will highlight the many five star reviews and level of satisfaction from previous professional and corporate clients around the globe.

Jason prides himself on his ability to uncover new opportunities and markets with the ability to overcome challenges and surpass goals. "I focus on impeccable service and response time, with strengths in exceeding expectations by anticipating needs"

Jason was raised in North Jersey and has resided in the Allwood section of Clifton for the last three years. Jason is married with two children and on occasion volunteers his time photographing events for the Epilepsy Foundation of New Jersey.

"My work ethic has always been to own the responsibility of challenges that may present themselves and follow through to achieve one hundred percent successful results," he explains.
