### **Terrie O'Connor Realtors Donate School Supplies to Benefit Families in Need**

Recently Tammy Roberts and Juliana Sullivan of Terrie O'Connor Realtors and RealSource Community Service Chairpersons, donated back packs and school supplies to benefit special community groups in the area. “This is something our RealSource Community Service Committee does annually,” said Tammy and Juliana. “It is a great thing to provide kids with the basic back to school materials.” The Community Service Committee identifies and coordinates initiatives and projects that afford the Association’s membership the opportunity to enhance the community and raise funds for local charities. The funds that are collected over the year are used by the RealSource Community Service to benefit special community groups like C.A.M.P., Ridgewood Social Services and the Center for Food Action.
