## REALTORS

### **Kira Johnson of Terrie O'Connor Realtors Goes the Distance**

Kira Johnson of Terrie O'Connor Realtors Allendale Group participated in the 2011 New York Marathon last week. The Marathon runs for 26.2 miles and there were over 47,000 runners that took to the streets to run. "It was an amazing experience," said Kira. "The preparation for the race was both challenging and time consuming, but crossing the finish line made it all worth it."

When not running, Kira's main interest is being an associate of the Terrie O'Connor Realtors Allendale Group. Just like being a runner and completing her races from start to finish, Kira also treats her clients the same way. From start to finish she can help her buyers and sellers reach their real estate goals.
