Linda Flynn of Terrie O'Connor Realtors Celebrates 10 years in Real Estate Industry

Linda Flynn has recently celebrated her tenth anniversary in real estate with Terrie O'Connor Realtors, Saddle River. Linda's success in the business can be attributed to going above and beyond for her clients, distinguishing herself as a step above others in the business.

A Saddle River resident for the past thirty years, Linda began her real estate career ten years ago after working in Manhattan as an Assistant Marketing Manager for a large hotel chain. Her keen business sense and dedication to serving clients served her well as she made her transition into real estate. Through the years, Linda's level of commitment earned her many satisfied clients and countless referrals as well as several Associate of the Month distinctions.

Most recently Linda has helped many different clients in various stages of transition in their lives. From senior citizens to relocating families to divorcing couples, Linda understands that clients need someone to guide them patiently while going through the process of buying or selling a home. She prides herself on anticipating any challenges that may arise and educating clients throughout the entire transaction, making it as smooth and stress free as possible. There is no challenge that Linda is not accustomed to dealing with, including issues with oil tanks and septic systems, which she most recently encountered while helping a buyer as they purchased a nine family rent controlled apartment building.

Linda currently has several listings in the area. She looks forward to continuing to serve her friends and neighbors in Saddle River and the surrounding towns and providing them with unparalleled service. She can be reached at Terrie O'Connor Realtors, Saddle River at (201) 934-4900.
