“I am excited to be part of a well established company in this dynamic downtown setting. Terrie O'Connor Realtors stresses local expertise with global connections. While researching the history of Ramsey, what stands out is how the town has always been particularly welcoming to women in business even as far back as the early 1900's. I am proud to be part of that wonderful tradition continuing in Ramsey today. “ She continues to stay involved in the community participating in March of Dimes, St. Paul Church, Ramsey Schools PTO and Sports Association, Center for Food Action and the Ramsey Recreational Sports Association.

Madeline attributes her success in the real estate business to a dedicated, ethical approach. Her continuing education has concentrated on relocation services, USAA and senior real estate services. She enjoys working with both buyers and sellers and is skilled in helping clients through all aspects of the real estate process including negotiation, education and marketing while always putting the clients' needs first. Her particular love for local history and lore provides a unique perspective during the real estate experience.
