Terrie O'Connor Realtors and Ramsey High School Environmental Club Team Up to Clean Up Ramsey

Terrie O'Connor Realtors and Ramsey High School students met to share some pointers on encouraging others to be more environmentally friendly while at school and work. Terrie O'Connor Realtors Ramsey Team recently launched a "going green" effort in the office and reached out to the Environmental Club at the local high school for their help and advice. Club Members Emma Schaffel and Alexandra Broderick shared their experiences of starting recycling programs within the school and what they found to work better in terms of getting other students to join the band wagon.

The Environmental Club has raised awareness at the school and in town by increasing recycling efforts, adopting the bike trail in Ramsey, collecting used cartridges and much more.

Terrie O'Connor Realtors' Ramsey Team has made the transition to being a "green office" by changing to energy efficient light bulbs, recycling, using ceramic mugs instead of Styrofoam and hopes to continue to learn bigger and better ways to work in a more environmentally friendly office.

Terrie O'Connor Realtors now work with the Environmental club by donating used cartridges and looks forward to working on more projects with them in the future.
