Terrie O'Connor Realtors Offers Realtors Property Resource Seminar

Recently Christopher Tausch, Broker Manager of the Terrie O'Connor Realtors Wyckoff Group offered a seminar called *Realtors Property Resource (RPR)*. This seminar was opened to all Sales Associates of the 8 Terrie O'Connor Realtors offices.

Realtor's Property Resource (RPR), is the largest comprehensive database of parcel-centric property information available in the industry, covering over 160 Million properties in the US. It helps agents be more efficient and allows them to be the prime source of real estate information to their clients. It provides an all-inclusive report which details like access to neighborhood and property information, school reports, census, demographics, mapping, flood zones, historic data tax assessments, pre-forgclosure and forgclosure information, as well as MLS listing information. "Having all this information makes (RPR) the ultimate "go-to" resource," said Chris Tausch. "Our Terrie O'Connor Realtors are always on the cutting edge when it comes to selling real estate and this resource enables our realtors to be able to help their clients with all their questions and information that they may require."
