Terrie O'Connor Realtors Participates in Blood Drive

On Saturday, September 7th, Community Blood Services organized a blood drive at the new Allendale Farmer's Market in downtown Allendale. Sponsored by the Allendale Chamber of Commerce, the new Farmer's Market has been attracting residents from surrounding Bergen County towns. With nearly twenty vendors, the market has something to offer everyone including fresh produce, bread, jam and baked goods.

Community Blood Services collected eighteen pints of blood in just a few hours at the market, a great achievement! To donate blood or to receive more information on the organization, call (866) 728-2673.

The Allendale Farmer's Market runs Saturdays from 10:00am – 2:00pm through November 16th. It is held on West Allendale Avenue behind the clock tower.
